

Loading Activation Licenses on the MaveriX

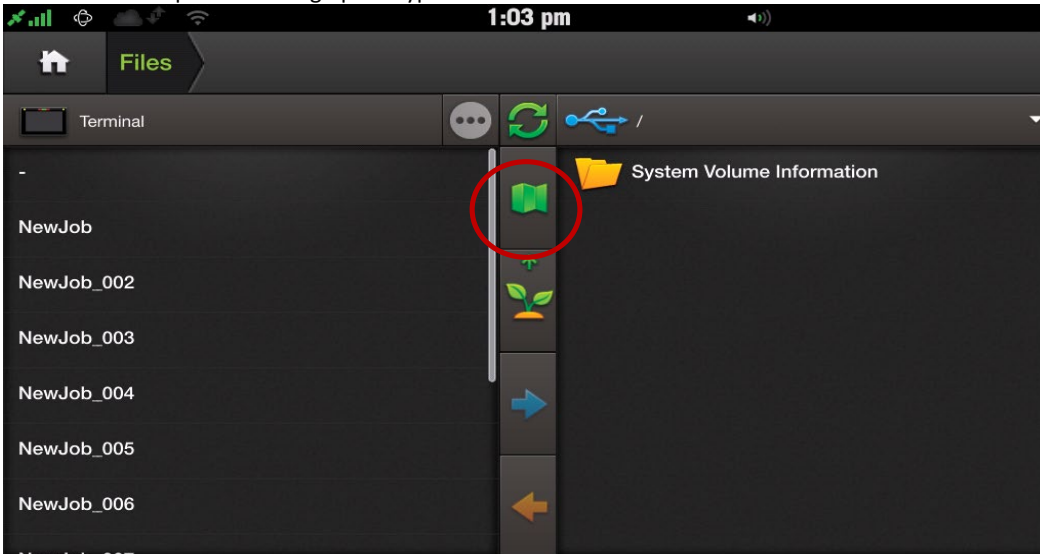

1. Download your licenses to your computer and add them to a clean USB stick. It should look like below.

📄 MVRX_12219W018445_AC110_2021cd8.f...	3/8/2023 12:46 PM	FEATURELICENSE ...	1 KB
📄 MVRX_12219W018445_EDRIVEM1_eb9b4...	3/8/2023 12:46 PM	FEATURELICENSE ...	1 KB
📄 MVRX_12219W018445_HYDRAULIC_a1b6...	3/8/2023 12:46 PM	FEATURELICENSE ...	1 KB
📄 MVRX_12219W018445_SHSHIFTANDREV...	3/8/2023 12:46 PM	FEATURELICENSE ...	1 KB

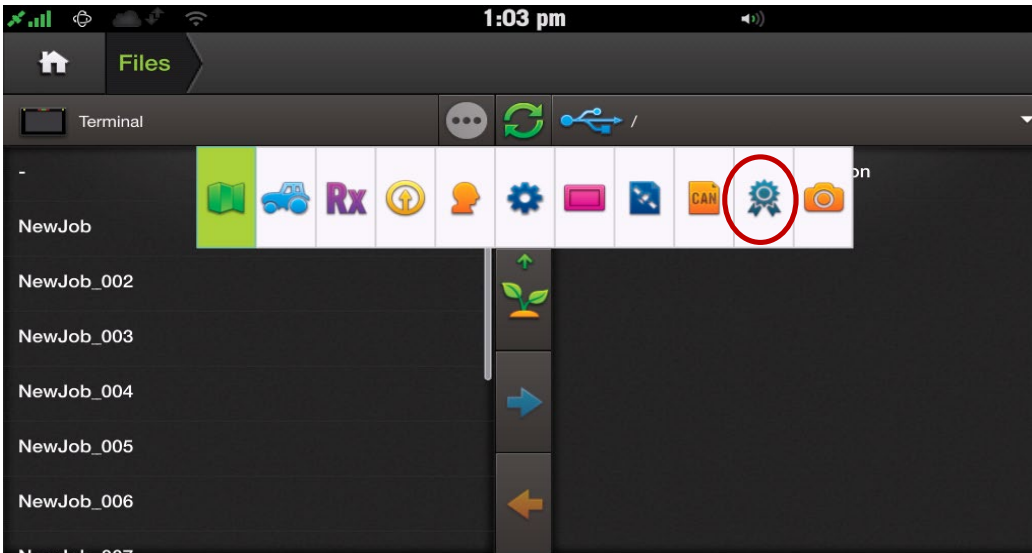

2. Put USB stick in MaveriX terminal and go to Files.

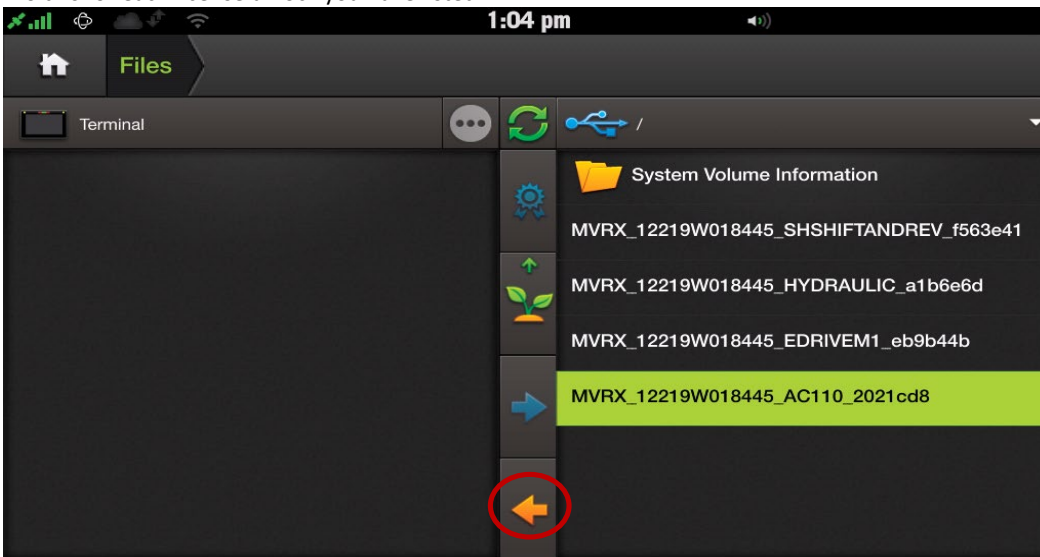

3. Touch the Map icon to bring up file types.

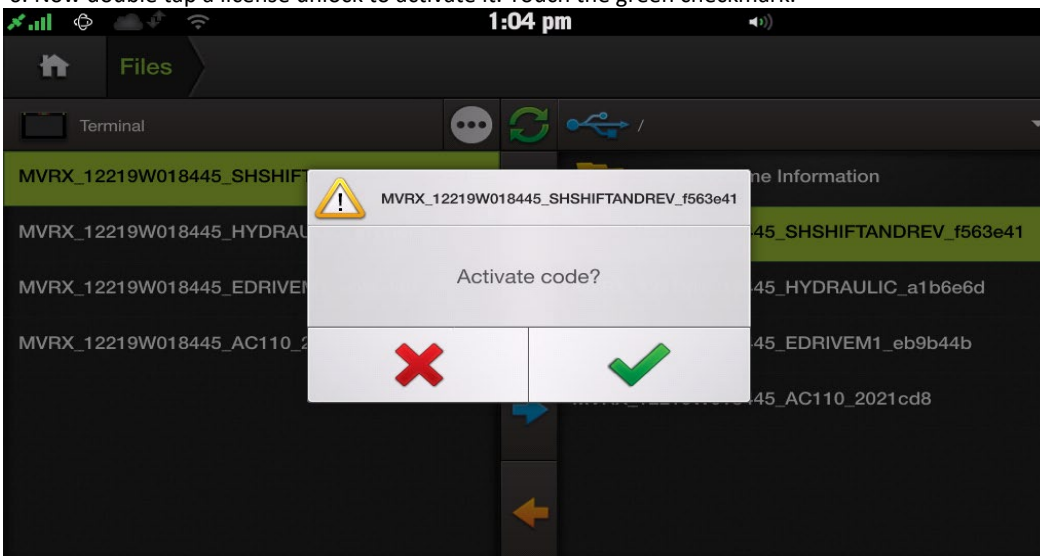

4. Touch the Ribbon icon.

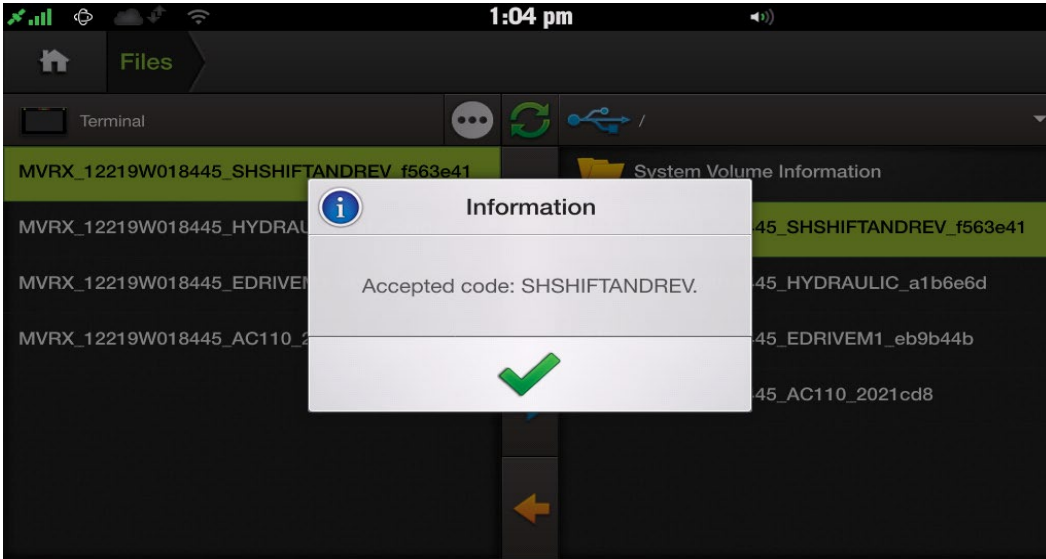

5. Touch a license unlock to highlight it. Then touch the orange arrow pointing to the left. Do this for each license unlock you have listed.

6. Now double tap a license unlock to activate it. Touch the green checkmark.

7. You will receive a pop-up confirming it has been activated. Touch the green checkmark.

8. Touch the Home button and then go to System.

9. Now scroll down to Feature Licenses on the left menu and touch Activations. You should see all your unlocks listed.
